Battery operated crimping tool with USB-interface 60 kN

Description

- suitable for working with exchangeable die-sets
- two stage hydraulic system with quick feed and power stroke
- collapsible 360° rotating crimping and cutting head
- automatic motor stop and automatic retraction once crimp is completed (the automatic retraction function can be switched off in case of need)
- USB-interface for remote diagnosis
- analysis software with interpretation-, service- and monitoring function
- optical failure- and stand-by indication system
- electronic control and inspection of the crimping cycle
- quick motor stop and manual retraction
- high performance lithium-Ion battery
- 230 V mains adapter as accessory part

Technical data

Crimping force 60 kN **max. stroke** 17 mm

Cross-section range

• cable lugs handles type	10-300 mm²
• cable lugs and connectors according to DIN 46235/46267 part 1	10-240 mm²
• Aluminium-cable lugs and connectors according to DIN 46329/46267 part 2	10-240 mm²
• cable end sleeves according to DIN 46228 part 1+4	10-150 mm²

Further die sets on request.

Crimping time: ca. 3-6 sec. (in dependence of the cross-section range)

Battery

- Li-Ion battery 14,4 V/2,6 Ah
- Time of loading ca. 45 min.

Battery charger: 230 V/50 Hz with connecting lead of 2 m length

Weight: ca. 4,15 kg

1 standard set Part-No. 13552 consist of:

1 pcs battery operated crimping tool
1 pcs Li-Ion battery
1 pcs battery charger
1 pcs analysis software
1 pcs USB connecting lead
1 pcs steel carrying case

Accessories:

Li-Ion battery (second piece)	**Part-No. 13553**
230 V mains adapter	**Part-No. 13555**
Additional Battery charger	**Part-No. 13554**
